

韩国出租车与打车软件指南

1. 韩国的几种出租车

- **普通出租车**： 橙色、灰色等中型车。
- **模范出租车**： 黑色大型车，比普通车收费高30%，更舒适。
- **大型出租车**： 商务面包车，适合多人。

💡 **说明**： 仁川机场到韩华度假村属于市外长途，车辆只能空车返回首尔，所以一般需要和司机议价而不是打表前往。在韩国大型车和中型车价格相差不大，如果是3人以上有大件行李时，建议选择商务车（JOMBO TAXI）。机场至韩华度假村出租车议价范围建议在25-30万韩币。

2. 外国人专用打车软件： K.RIDE

下载： 适用于Android和iOS。

语言支持： 英文、中文简繁体、日文等。

使用步骤：

下载K.Ride应用，以访客身份也可使用，支持绑定支付宝。

输入起始地点和目的地。

确认订单，直接叫车。

优势： 无需语言交流，适合外国游客。

A Guide to Korean Taxis and Ride-hailing Apps

1. SEVERAL TYPES OF TAXIS IN KOREA

- **Ordinary taxis:** Medium-sized car, available in orange, gray, etc.
- **Deluxe Taxi:** Large black car, charges 30% more than ordinary taxi and is more comfortable.
- **Jumbo Taxi:** A commercial van suitable for multiple people.

Note: The trip from Incheon Airport to Hanwha Resort is considered long distance, and taxi will likely be empty on the return journey, so in general the fare needs to be negotiated with the driver in advance rather than going by the meter. Depending on the car model, the bargaining range is recommended to be between 250,000-300,000 KRW.

2. TAXI-HAILING APP FOR FOREIGNERS: K.RIDE

Download: Available for Android and iOS.

Language support: English, Chinese, Japanese, etc.

Steps:

Download the K.Ride app and use it as a guest.

It only supports payments with linked credit cards.

Enter your starting and destination locations.

Confirm the order and call a car directly.

Advantages: No language communication required, suitable for foreign tourists.
